

A Special Message
from
the Graffiti Fighting Partner of the Queens Civic Congress,

***CAGE* (Citizens Against Graffiti Everywhere)**

Meeting Notice: Thursday, May 28, 2009, 7:30 to 9:00 p.m., call CAGE for location

Greetings to all fellow graffiti busters:

A meeting of CAGE is scheduled for Thursday, May 28, 2009, from 7:30 p.m. to about 9:00 p.m. Since this public notice is available to all, if you did not receive email notification, direct from CAGE, please contact CAGE for details. For location and details, email herr281761@aol.com or call Fred at (718) 341-1395.

Graffiti is way up and we need to think of new strategies and reactivate some old ones to combat this massive increase. There is a lot of increased activity throughout the country and we are no exception. CAGE will receive funding for the next fiscal year from Council Members David I. Weprin and Peter F. Vallone Jr.

We need more people on the front line with removal and paint over activity as well as people reporting graffiti and talking about it in your newsletters and at your meetings.

CAGE asks that each person please call in at least ONE graffiti hit spot to 311, before they come to the meeting. (please bring the c-1-1 xxxx number with you). Some people claim graffiti is down because it is not as reported as often as some other crimes. We need to make sure people know that truth that graffiti unfortunately continues to plague us and needs our continued vigilance; that includes the three "E.s" - Education, Eradication (removal/paint over) and Enforcement.

As always, this CAGE meeting is NOT OPEN to the PUBLIC. IF you want to invite someone, let CAGE know and CAGE will invite them on behalf of CAGE and your recommendation.

As is our usual custom, light refreshments will be served. Some limited supplies will be available for active graffiti fighters!

Best regards to all!

Fred
